RE: Task ID# 2882 - Revision to Degasification Amendment to meet 30-Day Commitments in Chapter 2, Section 234.200 and 240 - Dugout Canyon Mine, Canyon Fuel Company, LLC, C/007/039, Carbon County, Utah

Dear Steve:

When previously submitted on November 21, 2007, the AMV as-built drawings were returned to allow for the collection of additional information. The revised drawings were requested to be submitted by May 1, 2008, due to the large quantity of snow received during the winter of 2007 and 2008 the permittee has been unable to obtain the information necessary to complete the AMV road as built drawings.

As of today there is still snow on portions of the road and the connecting roads to access the AMV road are impassable by truck or automobile. The information needed to complete the drawings cannot be obtained until the road is passable.

Dugout Canyon Mine is requesting an extension to July 21, 2008 for submittal of the AMV as-built road drawings.

Please call with questions (435) 636-2869.

Sincerely yours,

Vicky S. Miller
