Hi Dave-

I will be reviewing some MRPs this week to check that the annual report commitments are correct. I found a couple for Dugout mine so far. The Commitments titled "Goshawks" and "Northern Saw Whet Owls" both need to be removed. Neither of these commitments are in the MRP, and this was also noted by Pete in the 2007 annual report review.

Also, the commitment labeled, "bats" is completed. The follow-up survey was done in 2007 and that completes the requirement. So, we can either remove this one completely or put "done" in the annual report item column.

Let me know if you have any questions, thanks!

Ingrid
