RE: Clean Copies of Degas Well Amendment to Add Degas Well G-30, Task ID# 3601, Dugout Canyon Mine, Canyon Fuel Company, LLC, C/007/039, Carbon County, Utah

Dear Sirs:

Enclosed please find six clean copies of a revision to the Methane Degassification Amendment to add Degas Well G-30 to the permit. The information in the amendment will need to be included in two separate sets of binders, one being the M&RP and the second being the Methane Degassification Amendment binders. Please let me know if you need any assistance incorporating the information into the binders.

The archeological information for site G-30 is provided in report SPUT 577, which have been approved by SHPO and previously incorporated into the confidential folders at the Salt Lake Division office.

A portion of the Mt Nebo Scientific report in Attachment 3-1 has been included again in Attachment 3-2. The information in Attachment 3-2 discusses Mt. Nebo Scientific's study of threatened and endangered vegetation and wildlife species.

Thank you for your quick review and approval of this amendment. If you have any questions please call me at (435) 636-2869.

Sincerely yours,

Vicky S. Miller
