Steve, Alex and all -

Thanks so much for tracking down this payment receipt. I apologize that our records did not indicate the fee was paid. I will update our and the Recovery Program's records immediately. This payment happened right as I started working here, so apparently it was mis-filed when it came in. Sorry for the confusion.

Kevin

Good morning everyone,

I dug into our files and managed to find some documentation of the Dugout Canyon Mine CO River Fish Recovery payment issue (See attached).

It appears that DOGM received confirmation from Carl Johnston (OSM) that the National Fish and Wildlife Foundation received a payment of \$2,330.49 (dated 9/18/2008) from the Dugout Canyon Mine (receipt #651912). Hopefully this clears things up. If not, please let me know.

Regards,
Steve
