Good morning everyone,

I dug into our files and managed to find some documentation of the Dugout Canyon Mine CO River Fish Recovery payment issue (See attached).

It appears that DOGM received confirmation from Carl Johnston (OSM) that the National Fish and Wildlife Foundation received a payment of \$2,330.49 (dated 9/18/2008) from the Dugout Canyon Mine (receipt #651912). Hopefully this clears things up. If not, please let me know.

Regards,
Steve
