Bill,

As we discussed and agreed upon over the phone, the errors in Degas Wells G2, G3, and G4 where a result in several line items that were removed in the 2011 Midterm complete replacement of Appendix 5-6, Task ID # 3660.

The fact that you have already submitted a complete copy of the Dugout Bond update, in addition to the lengthy time it would take to track down the previous Appendix 5-6 copy for errors that only increasing the released bond amount by \$8,600, I have edited my versions of the bond calculations to match what you had previously submitted. The bond amount that you submitted via email at 9:33 am this morning is correct as presented for a Bond release amount of \$207,565.

Thank you for your assistance in this matter,

Cheryl Parker, M.S., P.E.
