Subject: Conditional Approval of Waste Rock Expansion, Canyon Fuel Company, LLC, Dugout Canyon Mine, C/007/0039, Task ID# 4952

Dear Mr. Tatton:

The above-referenced amendment is approved conditioned upon receipt of 2 clean copies prepared for incorporation. Please submit these copies by August 21, 2015. Once we receive these copies, final approval will be granted.

Upon completion of the subsoil pile construction, please promptly provide the Division with an as-built survey of the total volume of soil salvaged and placed in subsoil pile #3 as well as the final configuration of subsoil pile #3 as shown in cross sections and plan view in Dwg 2-2. At that time, please update the Mining and Reclamation Plan (MRP) accordingly; including revisions to RA Table 2-2 (along with all references to it).

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan.

If you have any questions, please call me at (801) 538-5350.

Sincerely,

Steve Christensen
Permit Supervisor
