Dear Mr. Marshall:

We have received the permit renewal request application information on December 2, 2019 for the above referenced UPDES permit facility. Thank you for the timely application submittal. At this time, the application information appears to be complete and we will soon begin processing the permit for renewal in 2020 as appropriate. However, should questions arise I will be in contact to resolve any outstanding issues or concerns.

Thanks for your continued efforts to protect Utah's Water Quality. If you have any questions, please contact me at [jstudenka@utah.gov](mailto:jstudenka@utah.gov) or at (801)-536-4395. I look forward to working with you once again as your permit facilitator.
