Re: PAP on Computer Disk, Andalex Resources Inc., West Ridge Mine, PRO/007/041-98-1, File #2, Carbon County, Utah

Dear Mr. Manus:

The Division has recently been moving toward electronic permitting and we have received a copy of the Permit Application Package (PAP) for the West Ridge Mine on computer disk. Your office expressed an interest in receiving a copy of the plan in electronic format so we are forwarding a copy to you for your use and files (you should have also received a hard copy of the plan under separate cover). The disks do not contain the entire PAP because of the size of some of the graphic files, but they do contain the majority of the text. We hope this will aid you in your review of the application. We also hope to receive the entire PAP on CD in the near future. We should be able to supply you with a copy of that when it becomes available.

Thank you for your help in the permitting process. Please call if you have any questions or comments.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock  
Permit Supervisor
