Dear Mrs. Semborski:

On June 30, 1999, the Department of the Interior approved a new mining plan for Federal lease SL-068754-U-01215 at West Ridge Resources, Inc.'s West Ridge Mine.

I have enclosed a copy of the mining plan approval document and associated map for this mining plan action. Please read the terms and conditions of the mining plan approval document carefully. Mining and reclamation operations must be conducted in accordance with both the Utah state permit and the approved mining plan.

This approval allows West Ridge Resources, Inc. to mine approximately 20 million tons of leased Federal coal from 2,651 acres of Federal lease SL-068754-U-01215.

If you have any questions, please contact me at (303) 844-1400, x1489.

Sincerely,
