re: Highwall As-Built

Dear Ms. Littig

We had expected to have the as-built drawings for the highwall complete by today. A great deal more time was required for Olympus Arial Surveys to complete their portion of the job than we expected. Actually we only received Olympus' work last week. We are endeavoring to complete the drawings as soon as possible (we will not only have the highwall but will have the rest of the minesite and the sediment pond). We respectfully request that our deadline be extended until February 15, 2000.

Thank you.

Sincerely,

Michael W. Glasson
Environmental Coordinator
