**Re: Incidental Boundary Change
ACT/007/041**

Pam
Dear Ms. Littig,

West Ridge Resources, Inc. is requesting approval of an incidental boundary change for the West Ridge Mine Permit Area. This change is requested to allow incorporation of approximately 960' of the Carbon County Road from the gate to the original disturbed area boundary into the permit area. Approximately 1000' of county road is already included in the disturbed area up to the truck turnaround.

A new gate has been installed to control access to the mine site for safety and security purposes. The location of the gate was moved down canyon approximately 960' to allow for better visibility and turnaround area for the public. This location is approved by the county.

Since the gate location will result in the periodic closure of a public road, West Ridge Resources, Inc. has obtained approval from Carbon County for the closure. The proposed closure has also been posted in a Public Notice as required by R645-103-234. This information is being submitted to allow the Division to make a written finding concerning the closure, as well as to amend the permits, providing no public hearings are requested.

Amended pages, maps and C₁/C₂ forms are enclosed, along with the Public Notice and approvals from Carbon County. If you have any questions, let me know.

Sincerely,

**Michael W. Glasson
Environmental Coordinator**
