Re: Final Extension for Submittal of Annual Evaluation of Experimental Practice and for Submittal of Plans for the Pump House Area, West Ridge Resources, Inc., West Ridge Mine, ACT/007/041, Outgoing File

Dear Mr. Glasson:

Pursuant to your written request received today, an extension until August 31, 2000 is granted for the submittal of all of the required information needed to address the annual evaluation of the experimental practice and to permit the pumphouse area at the West Ridge Mine. Please note that this will be the final extension for these two projects. Failure to submit the required information by the due date, will result in the Division taking enforcement action. We want to stress the importance of making adequate submittals and encourage you to address all of the outstanding issues identified in our August 4, 2000 and our April 3, 2000 correspondence to you.

If you have any questions, please call me.

Sincerely,
