RE: Follow-Up Review of 2000 First Quarter Water Monitoring, West Ridge Resources, Inc., West Ridge Mine, C/007/001-WQ00-1a

Earlier reviews of the required quarterly monitoring by Senior Reclamation Specialist Jim Smith indicated no DMR data had been received. This is a follow-up to that review.

As of November 20, 2000, first quarter 2000 data was finally submitted to the Division. Both MRP and DMR sites were received. A review of the required parameters was conducted and determined that no irregularities existed in the DMR data. There were no discharges reported at sites D001 and D002.

No further follow up of the 1st quarter 2000 Water Monitoring data is necessary.
