RE: 4<sup>th</sup> Quarter 1999 and 1<sup>st</sup> Quarter Water Monitoring deficiencies email, West Ridge Resources Inc., West Ridge Mine, [REDACTED]

The attached e-mail was sent to Mr. Mike Glasson. It is a second/follow-up e-mail to an original email sent December 20, 2000. The original email is filed as an attachment to the January 10, 2001 memo.

The December 20, 2000 e-mail is a request to finish up some 'loose ends' in water monitoring. The deficiencies were originally observed by Jim D. Smith and located in the field by Pete Hess. The data was apparently viewed by Pete Hess in the field, but never sent to the Division. Also, dry or inaccessible sites need to be input into the data base.

**Subject:** Fwd: West Ridge 4th Qtr 1999 and 1st Qtr 2000 water monitoring data

It has been exactly 3 weeks since I requested some missing data for the West Ridge Mine. I have attached the original email describing the details. A response as to the status of the request would be appreciated.

If you have any questions, you can call me @ (801) 538-5260.
