Re: Decision Document and Revised Permit for SITLA Coal Leases ML 47711 & ML 49287, West Ridge Resources, Inc., West Ridge Mine, C/007/041, Task #2289, Outgoing File

Dear Mr. Gray:

The Division finds that the SITLA Coal Lease Extension permit application to add 1682.34 acres to the West Ridge Mine is complete and technically adequate. Division approval of this application allows full extraction mining within the state leases (ML 47711 & ML 49287).

The Decision Document and two copies of the updated permit are enclosed. Please have both copies of the permit signed by an authorized representative and return one to the Division. We have received five clean copies of the application to be incorporated into the approved Mining and Reclamation plans. A stamped incorporated copy to update your company records will be forwarded shortly.

If you have any questions, please contact Mary Ann Wright at (801) 528-5306, or Wayne Hedberg at (801) 538-5286.

Sincerely,

John R. Baza
