Subject: Re: West Ridge 1st Quarter Data

Gary:

I have uploaded all of the information for West Ridge from the pipeline into the permanent database. A report is attached.

It seems like you have included all required samples and parameters for the first quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
Senior Reclamation Hydrologist
Utah Division of Oil, Gas, and Mining

Karla just emailed me and said that the data was still in the pipeline.
I thought that I had emailed you and said to upload the data. If not
then go ahead and upload the 1st Quarter data for West Ridge.
