This needs to go to the West Ridge Incoming file. (C/007/0041)

Daron and Steve...Attached are the two cultural reports for the GVH site and topsoil area. Senco-Phenix has sent a copy to SITLA to Christine Curry. They did not send anything to SHPO, because they rely on the surface agency (SITLA in this case) to forward the reports on to SHPO (apparently this is the way BLM now likes to have it done). So perhaps the first step should be with SITLA. However, if you want to send these copies directly to SHPO then that would be appropriate also. As you can read in both reports they clearly state that nothing is there. Thanks to both of you for your help and understanding.

Dave
