Hi Dave,

I guess I missed you earlier today. At any rate, I just wanted to give you a heads up about next Wednesday. It is my intention to run out to the GVH site again after our drainage trek. I want to verify that the erosion/sediment control measures that are depicted on the *Bear Canyon GVH Facility Site Plan* figure have been installed/constructed as was negotiated and approved.

Have a good weekend. I'll talk to you next week.

Steve
