Subject: 0070041 West ridge Internal Task 3608

Ingrid,

I have looked at the revised soil Map 2-1, received 8/30/2010, and find that the new boundaries are drawn on the same template of the carbon county soil survey that was previously used. There are no changes to the TA. This email will serve as my memo on Task 3608.

Thanks,
Priscilla

Hello All-

You have been assigned to the West Ridge Incidental Boundary Change Task 3608. The review is due 9/29.

For some of you, this may only require reviewing one map, so let me know if you think a memo for your respective discipline may not be necessary. Thanks so much!

Ingrid
