Morning Dave,

I just saw that Suzanne e-mailed you a copy of the signed NOV. I'm sure you or someone else will have questions so give me a call and we can discuss it. The NOV was drafted by committee (Dana, Kevin, Ingrid, Daron, Jim and myself) and I realize there's quite a bit there to chew on.

We'll help out as best we can, but I wanted to give you a heads up that Dana indicated, in no uncertain terms, that the deadlines are firm. I'll do my best to get our review turned around as quickly as possible.

Talk to you soon,
Steve
