**Subject:** Mining Near Grassy Trail Reservoir

All-

Recently, West Ridge Resources Inc. sent the Division of Oil, Gas and Mining an application to include the Penta Creek Fee Lease area in their permit area. This lease expansion will enable the company to longwall-mine near the Grassy Trail Reservoir. On February 24, 2011, the company held a meeting with most of you and RB&G Engineering to discuss questions and concerns and summarize the monitoring that has occurred thus far. The official application that was sent to the Division can be accessed in the link provided below. The Division would like to offer you an opportunity to provide any comments or questions regarding the application or regarding the presentation by West Ridge Resources Inc, and RB&G Engineering.
