Subject: Conditional Approval of Change in Water Monitoring, C/007/0041, West Ridge Mine,  
Task ID #3738

Dear Mr. Shaver:

The above-referenced amendment is conditionally approved upon receipt of 6 clean copies prepared for incorporation. The clean copies must include the following change: **The Permittee must revise the text on page 7-36 and Table 7-1, *Hydrologic Monitoring Protocols and Locations* to identify when the annual sample will be collected for surface water monitoring site ST-10 (i.e. which quarter).**

Please submit these copies by April 7, 2011. Once we receive these copies, final approval will be granted, at which time you may proceed with your plans.

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan. This modification does not necessitate an update to the Technical Analysis.

If you have any questions, please call me at (801) 538-5262 or Ingrid Campbell at (801) 538-5318.

Sincerely,

Daron R. Haddock  
Permit Supervisor
