Hi Dana,

Found a couple things.

West Ridge:

It appears there are two samples for UG-1 in the pipeline that haven't been ok'd on your end. The dates are 03/02/11 and 03/21/11. Also, it looks like a sample for SP-8 dated 03/23/11 is in need of being ok'd for uploading.

Let me know when they're ready to go. I'll let you know if I find anything else. I'm diving into West Ridge and Crandall now.

Thanks,
Steve
