Hi Dana,

I set the 'Road Spring' up in the database and it should be good to go. The site numbers are as follows:

Road Spring= 040
LF-1= 034
LF-2= 035
RF-1= 036
RF-2= 037
Patterfore Stream= 039
Section 5 Spring= 038

Let me know if those don't work for you.

Steve
