Hi JD,

I'm so sorry to hear about your accident. I hope you're going to be ok. Car accidents are very scary. I've been in a few in my day. No fun.

Give me a call if you have any questions. Let me know when you get the Outfall 002 West Ridge Data and the Pre-002 Crandall data in the pipeline and I'll get it uploaded.

Thanks,
Steve

Hi Steve,

Sorry I have not got back to you sooner Steve, I was in a vehicle accident on Wednesday the 1st of February so I have been at home trying to heal up since then. I will be working on the things you need to begin this week, again sorry for the delay.

Thanks

God Bless

JD

Subject: West Ridge 002 values

Hi JD,

How's it going? It appears that flow are missing for UPDES Outfall 002 for West Ridge from July to December. In addition, it looks like there are no entries at all for November and December for West Ridge 002.

Would you look into this and get back to me?

Thanks,
Steve
