Hello,

The Division has accepted the above-noted application for a technical review; however, it is required that the application be accompanied by a cover letter as well as the C1/C2 forms.

The cover letter that is required was missing from your submittal. Please submit the cover letter to the Division. You can submit a hard copy through the mail and/or attach a copy as a reply to this email.

Failure to submit a cover letter as well as the notarized forms could result in your application not passing the requisite 15-day Initial Review as required by R645-303-221 and being returned to you for resubmittal.

If you have any questions, please call.

Thanks.

Thanks.
