Task ID #5433, C/007/0041

Dear Ms. Madsen:

The Division has reviewed the proposed seismic monitoring revisions at the Grassy Trail Dam and has recommended conditional approval. Final approval will be granted when the following conditions have been met:

- (1) Provide a notarized C1/C2 form that, in addition to the previously identified revisions to the Mining and Reclamation Plan (MRP), also reflects the replacement of pages 5-1 through 5-12 in Chapter 5 of the MRP.
- (2) Provide to the Division two clean hard-copies prepared for incorporation.

Please submit the two clean hard-copies by May 18, 2017. A stamped incorporated copy will be returned to you for insertion into your copy of the MRP. If you have any questions, please call me at (801) 538-5325.

Sincerely,

Daron R. Haddock
