Refuse Pile Abandonment

Dear Mr. Scott:

The request for final abandonment of the referenced refuse pile is approved in accordance with 30 CFR 77.215-4. The request for final abandonment was submitted in a letter dated October 14, 2003.

MSHA personnel have inspected the site and reviewed the documentation and have determined that the refuse pile meets the requirements for abandonment which include provisions for major slope stability and the prevention of both burning and the future impoundment of water.

The referenced refuse pile identification number will be removed from the mine file. MSHA inspection and reporting requirements no longer apply to the referenced structure.

If you have any questions regarding this approval, please contact Billy Owens at 303-231-5590 or Ronald Gehrke at 303-231-5587.

Sincerely,

A handwritten signature in cursive script that reads "Allyn C. Davis".
