RE: DOGM Permit Amendment Application  
Sunnyside Cogeneration Associates  
Star Point Waste Fuel C/007/042

Ms. Grubaugh-Littig:

Please find enclosed three copies of SCA's permit amendment application for the Star Point Waste Fuel property, Permit Number C/007/042.

This amendment is regarding the demolition and removal of the existing buildings and utilities located within the Star Point Permit boundary. The buildings, due to continued theft and vandalism, pose a safety and liability issue for SCA. SCA is proposing to remove all buildings and utilities, foundations will remain intact, and dispose all materials in designated locations according to permit requirements.

SCA would like to dispose of all concrete and cinder block materials in the permit designated disposal area, which the amendment addresses. Also, included are changes to Chapter I "Information Regarding the Applicant and Violation Information." We would appreciate anything the Department can do to expedite this amendment.

Should you have any questions, please contact Rusty Netz or myself at (435) 888-4476.

Thank You,
