Subject: Midterm Permit Review, Sunnyside Cogeneration Association, Star Point Refuse, C/007/0042, Task ID #2620, Outgoing File

Dear Mr. Blakey:

The above-referenced Midterm Permit Review has been reviewed. Since the Office of Surface Mining determined in 2004 that the Star Point Waste Fuel remaining operation was not subject to payment of abandoned mined land fees, the following deficiency must be adequately addressed prior to approval:

R645-301-112.230, The resolution of the Abandoned Mine Reclamation Fee correspondence must be included in the narrative Section 112.230 and the correspondence received from the Office of Surface Mining in 2004 must be included in Exhibit 112.230a. [PWB]

In order for us to continue to process your Midterm Permit Review, please respond to this deficiency by February 12, 2007.

If you have any questions, please call me at (801) 538-5286 or Priscilla Burton at (435) 613-1146, Ext 207.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
