RE: Star Point Waste Fuel - Permit # C/007/042
Permit Amendment – Roads D, F & L Task ID #3653

Dear Mr. Smith:

SCA has made two submittals of an amendment to designate primary roads. The Division has again identified a couple minor deficiencies. SCA has addressed these deficiencies and is resubmitting the package for your final review and approval.

As you are aware, this amendment is submitted in an effort to provide increased efficiency in material hauling operations, SCA is proposing to designate Roads D, F & L as primary roads intended for regular and ongoing use for haul trucks and associated use for loading and hauling of the refuse material at Star Point.

We have enclosed three copies of the drawings and text pages for your review. Upon your approval, we will submit six clean copies for incorporation into the permit documents. We look forward to receiving your approval of this amendment. If you have any questions, please call or Rusty Netz or myself at (435) 888-4476.

Thank You,
