Subject: Sunnyside Cogen 0070042/Outgoing Task 3496

Good Morning Linda,

I spoke with and forwarded your emails to Daron Haddock, the Permit Supervisor. He will be contacting Brian Burnett, Sunnyside Cogeneration Associate's Utah Counsel, to discuss the information you requested. Daron will also ask about the relationship of COSI (Consolidated Operation Services Incorporated? entity 125592) and ACI (American Consolidated Industries? entity 139031) with Sunnyside Cogeneration Associates (entity 128991), as reported on page 100-3 of the Mining and Reclamation Plan. (Page 100-3 was included in the scanned information sent to you on March 18, 2010).

Our legal counsel is out of the office for another week and that may delay our response to you concerning the COSI and ACI relationship. However, I expect that Mr. Burnett will provide the answers to your email questions quickly, as Sunnyside Cogen has an application pending.

My telephone number is 435-613-3733. Daron's telephone number is 801-538-5325.
Thanks,

Priscilla Burton, CPSSc

Hi Priscilla,

What did you decide about contacting the company? Did you want me to or is your supervisor going to?
Please let me know.

One other question. Yesterday I wrote your phone number down as 425-613-3733. Is this correct?
