
UTAH OGM COAL PROGRAM MEETING NOTES

DRAFT

Date: April 2, 2007
Time: 2:00 pm – 3:30 pm
Location: DNR, “A” Conference Room

To: Internal File, COVOL, C/007/0045

From: Pamela Grubaugh-Littig

Attendees: Keith Thompson, Mike Gipson, Trace Bunderson, Mike Edwards (COVOL)
Mary Ann Wright, Steve Alder, Pamela Grubaugh-Littig (Division of Oil, Gas
and Mining [DOGGM])

Purpose: Review Bonding Questions with COVOL and Answer Questions about March 13,
2007 Letter (To Keith Thompson, COVOL, from Mary Ann Wright, DOGM)

MEETING SUMMARY:

Mike Edwards stated that the “bonding” is being worked on. COVOL faxed the bond to the Division on April 2, 2007, but did not use the incorrect bond form (not the one that Pamela Grubaugh-Littig had sent to Trace Bunderson). Mike said that he would have the bond reissued on the correct form.**

Mary Ann Wright gave the go-ahead to move ahead when the bond is accepted.

There are 30 acres “disturbed” area which equals the proposed permit area.

Steve Alder stated that this is a unique situation for “Reclamation recognizing the postmining land use and current disturbance”. He also stated that Craig Galli should be included in the loop.

Mike Edwards and Pam and Mary Ann went through each of the chapters outlined in the March 13, 2007 letter. Cultural resources will not be addressed because the area is already disturbed. Priscilla Burton will assist with the soils section and will make a recommendation on planting on the topsoil piles.
