1. Permits, Change, Transfer, Renewal, Sale

The Division appears to be close to issuing a R645 permit for the COVOL site.

9. Protection of Fish, Wildlife and Related Environmental Issues

Mr. Joe Helfrich, Mr. Leroy Mead and Miss Ingrid Wieser, DOGM biologists, inspected the adjacent area outside of the proposed COVOL permit boundary for burrowing owl habitat on August 11, 2009. This inspection was also made relative to a DWR concern about coal fines in this area. The teams finding, as relayed to the Division assigned inspector, was that there are no significant volumes of coal fines in the surrounding adjacent area.

20. Air Quality Permit

The Permittee's water truck was observed wetting down the primary haul roads and the coal recovery areas for fugitive dust control.
