Extension Request for Citation #: 21201

Dear Ms. Dean:

I respectfully request a ninety-day extension past the current deadline of April 30, 2018, with regard to citation #21201 on Permit number C0070045. Apologies for tardiness of this request, we are experiencing a turnover of current employees and in addition, we just received a copy of the Findings of Fact relating to Cause No. C/0070045 today thus, the ninety-day period that was given had already lapsed by the time we received the Findings of Fact.

If the nine-day extension is granted, we will work diligently to identify and pursue remedies to the outstanding issues.

Best Regards,

Kate Burton
