THE STATE OF UTAH TO ALL PERSONS INTERESTED IN SECTION 37, TOWNSHIP 23 SOUTH, RANGE 6 EAST, SLBAM, EMERY COUNTY, UTAH.

Notice is hereby given that tentative approval has been given by the Utah Division of Oil, Gas, and Mining, to Western States Coal Corporation, 2330 South Main Street, Salt Lake City, Utah 84115, to conduct underground coal mining on State Leases ML 17867, ML 1003, ML 19231, SL 06712, ML 18783 and special land use agreement No. 365, Section 32, Township 23 South, Range 6 East, SLBAM, Emery County, Utah. a) Coal will be removed from the Ferron Sandstone "I" seam by conventional room and pillar underground mining methods.

b) The mined coal will be conveyed to the mine entrance, where it will be crushed, sized, and stockpiled for shipping by truck.

c) Waste rock and spoil materials will be stockpiled away from drainage and at the termination of operations, will be regraded to conform to Part 77 Title 30, Code of Federal Regulations pertaining to refuse piles.

d) At the terminations of mining, all buildings, equipment, and trash will be removed from the mine site and all portals and vents will be sealed.

e) Refuse piles and the ancillary facilities areas will be regraded, covered with 4 to 6 inches of soil materials, fertilized, and seeded as specified by the Division for stability and revegetation.

f) A sign will be posted at the mine site, indicating the mine name, location, operator, and operator's address.

Any person of agency aggrieved by this tentative decision is hereby requested to submit written protest to the Division of Oil, Gas, and Mining, 1588 West North Temple, Salt Lake City, Utah 84116, setting forth factual reasons for his complaint, and thereafter, at a time and place here to be established, appear before the Board to show cause, if any there be, why this plan should not be approved.
