Dear Ms. ^{Mary}Boucek:

I am sorry for the confusion caused by my letter of December 2. Since I was sending identical copies to Walt Novak, Clarke Johnson and Larry Dalton, I wanted to send you a copy for your information, but, of course, expected no response. Nor did I expect you to respond to my first letter to Walt Novak regarding aquatic sampling. I can see where the receipt of the letter would make it appear that you were derelict. You were not, and have in fact, been very responsive on the West Appa project. To avoid such confusion in the future, I will copy you no matter how many copies are involved.

Sincerely,

Jack A. Elder, Ph.D.
Senior Environmental Scientist
