Dear Mr. Helfrich:

West Appa Coal plans on reclaiming our 1982 drilling program's five drill sites in September of this year. We will regrade all pads and seed each site with the prescribed Firest Service seed mix. I will be in contact with you by phone prior to commencing work for the exact dates we plan to be on drill sites. If there are any comments or changes to the above, I would appreciate hearing from you, otherwise we will proceed as planned.

Thank you.

Sincerely,

Andrew C. King  
Project Engineer
