RE: Future of Mining Operations, Western States Minerals Corporation, J. B. King Mine, ACT/015/002, #2, Emery County, Utah

MB

On October 29, 1984, Don Nelson called Mary Boucek to inform the Division that the J. B. King Mine is in the process of a potential sale to J. R. Simplot Company. A letter will be forthcoming within the next few days, explaining the situation and requesting a 15 day extension to the Division's requirement that Western States notify us as to the disposition of this mine.
