Dear Mr. ^{Gus} Manwaring:

RE: Bond Release Application, Western States Minerals Corporation, J. B. King Mine, INA/015/CO2, #5, Emery County, Utah

I reviewed the Phase I bond release application for the J. B. King Mine. The application requires "copies of letters which he or she sent to adjoining property owners, local governmental bodies, planning agencies, sewer and water treatment authorities, and water companies in the locality in which the surface coal mining and reclamation operation took place, notifying them of the intention to seek release from the bond" (UMC 800.40[A][2]). The sample letter included in the bond release application is not satisfactory.

Please submit this information to the Division to complete your bond release application.

Best regards,

Pamela Grubaugh-Littig
Reclamation Engineer
