RE: Request for As-Built Plans, Western States Minerals,
J. B. King Mine, INA/015/002, Folder #2, Emery County,
Utah

The operator has recently repaired and modified the feeder ditch diversion at the J. B. King Mine.

The Division needs an as-built construction drawing for incorporation into the PAP. The operator submitted a projected construction drawing on May 19, 1988, but the final field construction deviated from this plan, so an as-built drawing is needed.

All drawings must be certified by a professional engineer.
