RE: Stipulation R614-301-356.100, Vegetation Sampling,
Western States Minerals, J. B. King Mine, ACT/015/002,
Folder #2, Emery County, Utah

Synopsis and Analysis

In a letter dated August 29, 1990 from Frank Filas of Western States Minerals, a vegetative sampling plan was proposed for the J. B. King Mine. The plan complies with Stipulation R614-301-356.100.

Recommendation

The plan should be resubmitted in a format which is acceptable for inclusion in the PAP. Additionally, after the vegetative sample subtypes are identified during the 1991 vegetation survey, a map delineating these subtypes must also be submitted for inclusion in the PAP.
