Dear Ms. White:

Re: NOTICES OF VIOLATION N91-35-6-1, N91-35-7-1, AND STIPULATION R614-301-742.113 RESPONSE, WESTERN STATES MINERALS CORPORATION, J.B. KING MINE, ACT/015/002, FOLDER #2, EMERY COUNTY, UTAH.

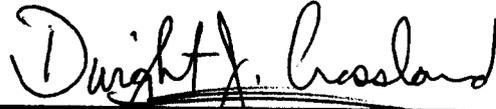

Pursuant to the telephone conference call of this afternoon, between Mr. Joseph Helfrich, Ms. Pamela Grubaugh-Littig, you, and myself, and in response to the Utah Department of Natural Resources, Division of Oil, Gas, & Mining ('UDOGM') Notices of Violation N91-35-6-1, N91-35-7-1, and Stipulation R614-301-742.113, Western States Minerals Corporation ('WSMC') submits the following request pertaining to permittee's J.B. King (aka Dog Valley) Mine site, ACT/015/002, Folder #2, Emery County, Utah.

WSMC hereby requests an extension of time for abatement until 15 January, 1992, of the above referenced Notices of Violation. WSMC now understands its liability to have either an approved Petition for Temporary Relief, or to submit the required modified erosion control plan and other information to abate the Notices by that date.

I appreciate the fact that you recognized my misunderstanding of this situation, and took the necessary steps to inform me of the correct procedures. Thank you!

If you require any further information, please let me know.

Sincerely,

Dwight J. Crossland
