Dear Ms. Grubaugh-Littig

Re: Change of Reference Area, Western States Mineral Corporation, J.B. King Mine, ACT/015/002, Folder #2, Emery County, Utah

The date for submitting the information outlined for the seven items that must be clarified in relation to the reference area is requested to be change from November 22, 1991, to December 6, 1991. This change in the date is requested to allow the completion of some of the items needed, including the detailed report from the SCS on soil and range site conditions, and productivity on the reference areas which has not been received. The requested change will be sent as complete so that it can be reviewed and approved, rather that as several submittals.

Respectfully yours,

Samuel A. Bamberg
