RE: Storm Event, Western States Minerals, J.B. King Mine, ACT/015/002,
Folder #2, Emery County, Utah

Jim Blackburn, consultant for Western States Minerals, called this morning to report the occurrence of a major storm event at the J. B. King Mine site. He reported gullies on the reclaimed refuse pile and drainage systems failure. No discharge from the sediment pond or off site sediment loading occurred. Mr. Blackburn suggested that equipment would be required on site to repair the damage.
