Dear Mr. Crossland:

Re: Requirements for Erosion Control Plan, J. B. King Mine, Western States Minerals Corporation, ACT/015/002, Folder #2, Emery County, Utah

The Informal Hearing (February 11, 1992) was held to discuss the fact of three violations (NOV #N91-35-6-1, #N91-35-7-1, and #N91-32-6-1). It was agreed at that hearing that a conceptual erosion control plan for the J. B. King Mine would be submitted to the Division by March 16, 1992. I would like to reiterate, for clarification as discussed at that hearing, that this erosion control plan must be developed within the confines of, and meet the Coal Regulatory regulations.

If you have any questions, please call me.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
