RE: Extension of Time to Abate NOV No. 91-25-06-01; 93-25-03-01; and 93-25-05-01; J.B. King Mine ACT/015/002

Dear Mr. Helfrich:

On behalf of Western States Minerals Corporation, we enjoyed the opportunity of meeting with the Division on Monday, August 22, 1994, to review reclamation plan revisions for the J.B. King Mine. As we discussed at that time, Bamberg Associates has performed an ecological monitoring and environmental characterization study for the area in and around the J.B. King Mine site. Although Western States provided the Division with a draft of this study, Mr. Bamberg requested additional time to finalize the report. It is our understanding that the Division has agreed to modify the above-listed NOV's to extend the interim abatement deadline from August 20, 1994 to September 9, 1994. As we discussed, Mr. Bamberg has agreed to finalize the report as soon as possible and may be able to submit the report prior to September 9, 1994.

Once again, we appreciate your assistance in this matter.

Very truly yours,
