July 7, 1993

Mr. Robert Hagen, Director  
Office of Surface Mining  
Reclamation and Enforcement  
505 Marquette N.W., Suite 1200  
Albuquerque, New Mexico 87102

Dear Mr. Hagen:

Re: Part 1 of 2, Ten Day Notice (TDN), X93-020-190-03-TV2, Western States Minerals Corporation, J. B. King Mine, ACT/015/002, Folder #2 and #5, Emery County, Utah

The letter of June 28, 1993 from Mr. Jim Carter to you outlined the Division's course of action in regards to the above-noted TDN. In regards to the first part of the TDN, Mr. Bill Malencik conducted an inspection on June 30, 1993 and verified that adequate coverage of nontoxic/noncombustible material had been placed over the mine development waste located south of the sediment pond approximately 300 feet on the east side of the main feeder channel. A berm was also placed above the area to divert water away from this spot. No violation was issued.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Pamela Grubaugh-Littig'.

Pamela Grubaugh-Littig  
Permit Supervisor
