Dear Mr. Gerick:

Re: Extension of Abatement, NOV's N92-35-6-1, N91-35-7-1 and N91-32-6-1, J. B. King Mine, Western States Minerals Corporation, ACT/015/002, Folder #5, Emery County, Utah

Per the written request from Ms. Denise Drago, dated January 25, 1993, for an extension of the abatement period for more than 90 days in accordance with R645-400-327 for the above-noted violations, an extension is granted until May 29, 1993. The reason for this extension is to provide time for the Division to review the abatement plans, and to assure optimum field conditions prior to commencement of requisite field abatement.

The meeting was held at the Division on January 21, 1993, not January 20, 1993 as mentioned in the letter. If you have any questions, please call me.

Acting Director
